PEARL CHAIN

~Innocent Libido~

"Chain of Pearls" is my first long term (Or mid-range? [sweatdrop]) serialization. (Complete at 9 chapters) Waaah. Serializations are tough. Seriously (bitter smile) But the last serialization, "Perfect Partner" (Fl [Flower Comics], now on sale!), didn't feel like a hard fight. Maybe because the arcs and the characters were easy to grasp—? [sweatdrop]

It's been a long time since I had a heroine with long, flowing hair, so I've really had fun drawing this time.

However, "Pearl~" is full of males. I profuse sweatdrop! Hisa and the senior managers are pretty much the only girls... of course, where the game scenery is concerned—

Even when I had my assistant drawing, the men were overwhelming. It would be nice to have more females in my next story— [sweatdrop] I guess I like drawing girls best.
